

Backed By The Best Factory Warranty In Pontoon Boats

Relax. We've Got You Covered.

SUN TRACKER® construction and quality are second to none. And our 10+LIFE™ warranty coverage offers a level of assurance pontoon boat buyers can't get from anyone else:

10-year bow-to-stern warranty

Factory-installed materials and workmanship are covered for ten years from the time of purchase, including electrical components, livewells and plumbing, vinyl, furniture, Bimini top and much more. Your engine is covered by the

Limited lifetime structural & deck warranty

Pontoon logs, the motor pod and other structural elements, e.g., deck supports, perimeter fence rails and gates, are covered for the life of the boat.

Provisions for transfer to second owner

The resale value of your boat can be enhanced by provisions to transfer warranty elements to a second owner. Your SUN TRACKER dealer can help you put applicable elements into effect when you are ready.

1-stop factory warranty resolution

10+LIFE coverage offers a one-stop solution, eliminating the need to pursue separate warranties with component manufacturers. What happens if you do have a warranty issue? Take your boat to your local authorized SUN TRACKER dealer. As a one-stop warranty resolution center, the dealership will be able to handle any issues by either fixing it in their service center or getting it to our manufacturing facility for repairs. Either way, you don't have to shop around to find someone to fix it for you.

Full coverage during warranty period—no pro-rating

There is no pro-rating, or reducing your coverage over time. The peace of mind you enjoy at the outset carries throughout your coverage period.

10+LIFE applies to all 2014 and newer SUN TRACKER models, even those which were purchased before the introduction of the 10+LIFE warranty. See your dealer if this applies to you!

In addition, we back our optional trailers by warranting the GALVASHIELD® Impact steel tubing against structural failure due to corrosion for three years!
