UNIVERSAL OIL & CARE

OIL

Refer to owner's manual for your vehicle's oil and lubricant specifications. All oil products are drop-shipped by supplier, potentially resulting in longer delivery time.

0W-40 SYNTHETIC OIL CHANGE KIT

Everything you need to properly service your ATV/ROV: 4-cycle oil, oil filter. See owner's manual for engine specs.

0W-40 SYNTHETIC OIL

Advanced multigrade. Superior rust and corrosion protection even during periods of nonuse. Offers maximum engine performance along with unique shear-stable additive formula that protects against engine wear, carbon buildup and sludge formation. Wet-clutch certified for use in TRACKER OFF ROAD™ wet-clutch engines. Automotive engine oils DO NOT meet the requirements for use in TRACKER OFF ROAD ATVs equipped with a wet clutch.

15W-50 SYNTHETIC OIL

Full Synthetic 15W-50 is a heavier-viscosity formula of the original, proven Synthetic 4-Cycle Oil. Formulated specifically for hot-weather use, it provides ultimate hot-temperature engine protection and prevents thermal breakdown in severe conditions. NOTE: Not recommended for use in ambient temperatures below 32° F heavier viscosity will make starting more difficult in extreme cold.

4 CYCLE 10W-40 OIL

4-cycle oil for use with wet-clutch systems reduces component wear and maximizes transmission protection
