This calculator is an estimator and is for general information purposes only. Certain offers/special pricing are not included in financing/lease calculations. For details, visit your Toyota dealer. Dealer may sell for less.

MSRP is the Manufacturer's Suggested Retail Price in Canadian dollars. A Toyota dealer is free to set its own selling price for Toyota products and services.

For calculation purposes, all accessory pricing includes installation (if required). However, because the cost of doing business varies, the installation portion of the price may not be exact cost of installation at a dealership. Please confirm accessory pricing with your Toyota dealership.

Price includes Roadside Assistance, a full tank of gas and floor mats.

Additional down payment may be required if trade-in value is lower than amount owing on trade-in.

Prices do not include insurance, license, products or services that may be made available to you through your selected Toyota dealer, and other fees.

Cash incentives (including incentives for cash customers, customer incentives, lease assist, finance assist and various other cash incentives that can arise from time to time) include an amount on account of sales tax and are applied after sales taxes have been charged on the full amount of the negotiated price.

1. Minimum Insurance Requirements for Lease: Collision insurance and \$1,000,000 third party liability insurance with a maximum deductible of \$1,000.

"Amounts Due at Delivery" are included; however, "First Payment" and "Down Payment" are not applicable, and therefore, they are not included in the One Payment Lease. Lease End Value will apply. Please see your dealer for complete details. One Time Payment option can only be combined with certain other programs/offers unless otherwise agreed upon by your dealer and approved by Toyota Financial Services.
7. Dealer Fees may be comprised of administration/documentation fees, VIN etching, anti-theft products, cold weather packages or other fees. Fees may vary.
